Col. R. Page

Dear Sir By Lieut. Ross you
will receive news that will call to
action every sympathy of your Soul
The Flower of Kentucky at the head
of the left wing of the S. W. Army is no
more, he will tell you more than
I could write. I have received orders
to march to Fort Wmchester with
three of the remaining Companies
of my Regiment. You expect
will also receive orders to march to
the same point. I would suggest
to you the propriety of transporting
your Baggage by Water and if you
think it practicable drop down as ma-
ny empty Canoes as will take on

The loading that is in the Sleds between
your post and this the loading cannot
on no how else and will be of great
advantage to the Army. I wish you, to
immediately on the receipt of this to dis-
patch an express to me how and when
your Troops will start to this place
and if shortly I will remain here and
we will march together I wish to hear
from you as quick as possible

I am dear Sir yours
with due respect

and Com^d at Fort Jennings
